Step 1 - Accessing the image editing interface

Select the tutorial for which an image needs to be resized by clicking on it.

In the selected tutorial, click on the right side of the screen on *the pencil icon* to edit the tutorial.

Click on the image to be modified, 2 icons appear on the top right of the image.

Select the icon on the left to open the editing interface for images.

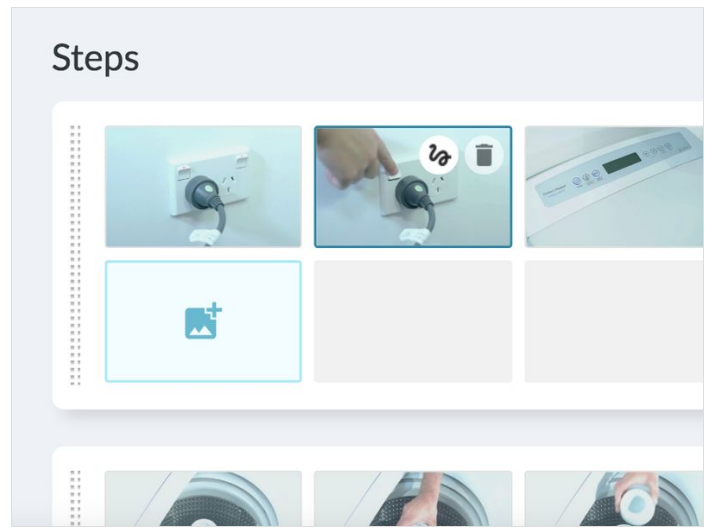

Step 2 - Add annotations to an image

Click on the text icon symbolized by the letter T to add annotations. Click on the text box to write an annotation.

- Finalize by clicking on **Validate**.

i Click on the corner points of the text box to enlarge, reduce or rotate the text box.

i You can also change the color of the text by clicking on the different colors available in the image editing interface.

Step 3 -
