

Translate a page

Follow this procedure to translate a page

 Difficulty **Easy**

 Duration **15 minute(s)**

Contents

Step 1 - Access the tutorial to be translated

Step 2 - Translate a page

Comments

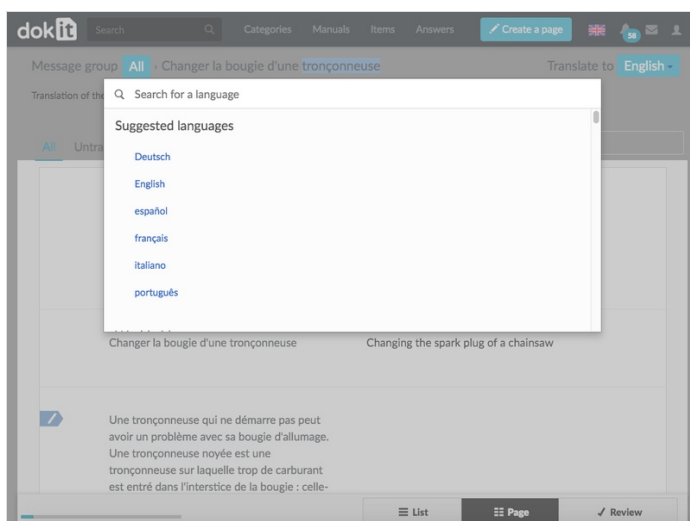

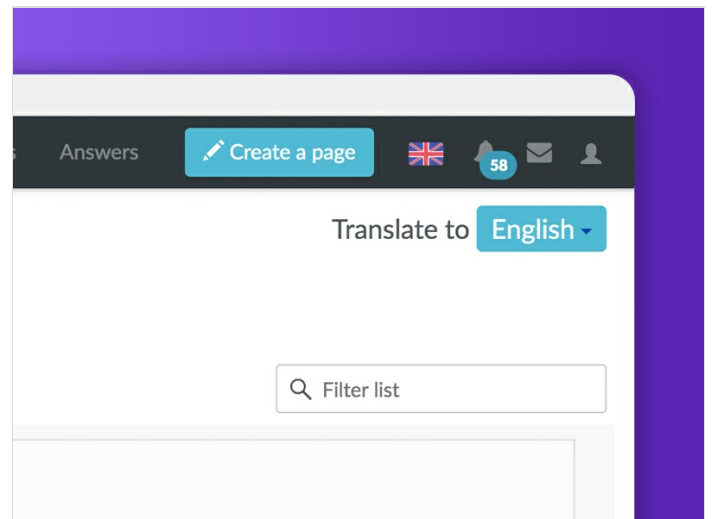

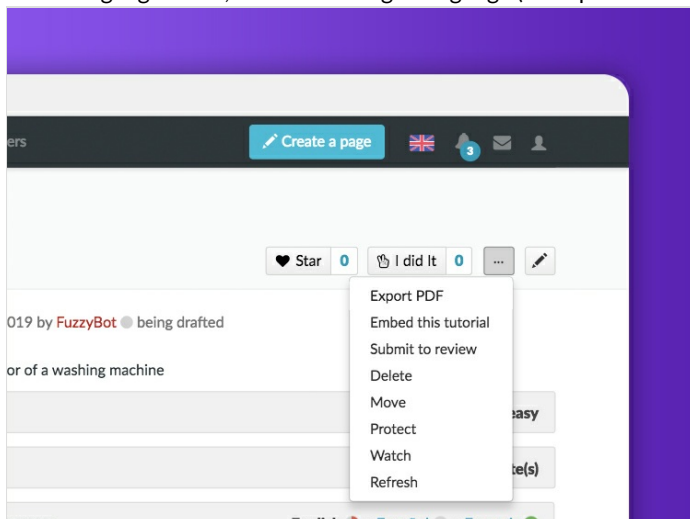

Step 1 - Access the tutorial to be translated

Select the tutorial to translate (example: *Changing a car wheel*).

Click on the button with ellipsis points (on the right) and choose **Translate**.

Select the language option (example: **English**).

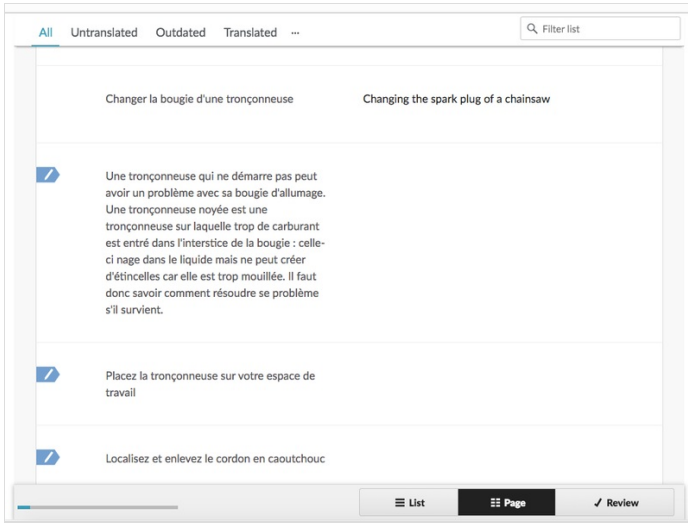

In the language menu, choose the target language (example: **French**).

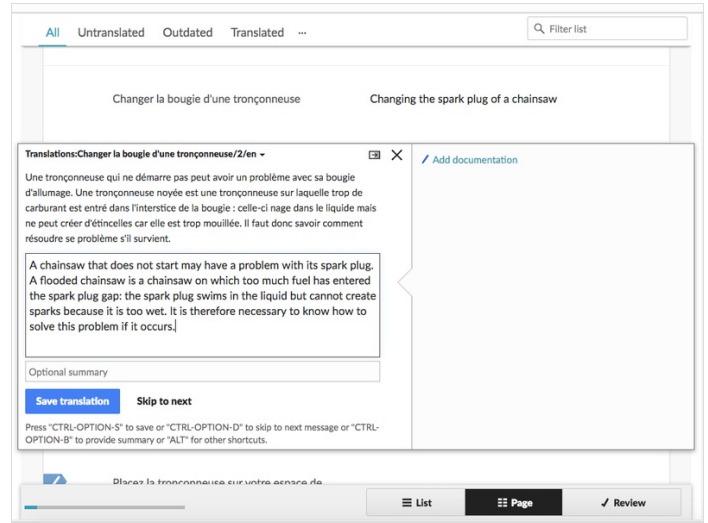

Step 2 - Translate a page

1. Select the string to be translated, then enter the translation in the target language (you can also paste a text by clicking **Paste source text**).
2. Click on **Save translation** to validate your translation.

 When translating blocks of information, copy the entire string and translate only the text.

The screenshot shows a translation interface with a search bar and filters. The main content area displays a list of strings to be translated. The first string is "Changer la bougie d'une tronçonneuse" with the English translation "Changing the spark plug of a chainsaw". Below it, there is a large block of French text describing a problem with a chainsaw's spark plug. The interface includes a "List" button and a "Page" button.

The screenshot shows a detailed view of a string and its translation. The string is "Changer la bougie d'une tronçonneuse" with the English translation "Changing the spark plug of a chainsaw". The interface displays the original French text and the English translation. There are buttons for "Save translation" and "Skip to next". The interface includes a "List" button and a "Page" button.

The screenshot shows a detailed view of a string and its translation. The string is "Changer la bougie d'une tronçonneuse" with the English translation "Changing the spark plug of a chainsaw". The interface displays the original French text and the English translation. There is a text input field for the user's translation. The interface includes a "List" button and a "Page" button.
